

## InMed Academy – UCAT Success FAQ Pack

*Your step-by-step guide to excelling in the UCAT*

---

### **Understanding the UCAT**

#### **1. What is the UCAT and why does it matter?**

The UCAT (University Clinical Aptitude Test) is a key admissions requirement for medicine and dentistry programs in Australia, New Zealand, and the UK. It is completed in Year 12 or beyond (Year 13+, Undergraduate, etc) during July and August each year. A strong UCAT score is often the difference between securing an interview or missing out.

#### **2. Why is the UCAT so competitive?**

Each year, thousands of students sit the UCAT — but **only around 5–10% of applicants enter competitive medicine or dentistry programs at top universities**. That means every single mark matters, and strong preparation is essential.

#### **3. Why do so many students struggle with the UCAT?**

The UCAT isn't about memorising knowledge or like a typical school exam. It measures how fast and accurately you can think under pressure. Many students:

- Find it challenging to adapt to the variety and uniqueness of UCAT question types
- Run out of time during sections
- Struggle with applying strategies in exam conditions
- Start practice and learning **too late and without structure**
- Spend months preparing without seeing consistent improvement

---

### **Why Choose InMed Academy?**

#### **4. How do your workshops help?**

We break the UCAT into clear, practical strategies students can apply straight away. Our workshops include:

- **Sessions dedicated to each UCAT question type** (Verbal Reasoning, Decision Making, Quantitative Reasoning, Situational Judgement)
- **Hands-on practice using the best UCAT preparation tool, MedEntry** ([www.medentry.edu.au](http://www.medentry.edu.au)) — we also have an **affiliate code** for better pricing!
- **Proven techniques** to boost accuracy and speed
- **Advice on time management and effective study habits**
- **Mock exams** to simulate the real thing
- **Expert tutors** who are current medical or dentistry students and top UCAT performers

## 5. What does a typical session look like?

Here's an example breakdown of a 4-hour workshop and may vary week to week:

- **1 hour** – Teaching a specific question type within Verbal Reasoning, going through strategies and classroom discussion
- **1 hour** – Students apply the strategies just taught on Verbal Reasoning questions, with tutor support
- **2 hours** – Free student practice across UCAT sections, with tutors available for guidance and feedback

## 6. What makes InMed Academy different from other services?

- A focus on **strategy + practice**, not rote learning
- **Small, interactive classes** for personalised feedback
- **Step-by-step guidance** on question types, time management, and mindset
- Preparation that covers both **the UCAT and interview techniques**
- **We are a family who cares about your success** — your goals are our priority, and we support you every step of the way

## 7. Who are the tutors?

Our tutors are **high-achieving current medical & dentistry students** who know the UCAT inside out (96+ percentile) and can show you exactly what worked for them.

---

## Your Next Steps

### 8. How soon should I start preparing?

Medicine and dentistry entry is becoming **more competitive each year**, and many successful students start early — in **Year 11**, and some even as early as **Year 10**. The earlier you begin, the more confident and well-prepared you'll be on exam day.

### 9. What results can I expect?

While results vary, students consistently report, but not limited to:

- Improved speed and accuracy
- Increased confidence under exam conditions
- Better time management across all UCAT sections
- Enhanced problem-solving and critical thinking skill
- **Stronger UCAT performance** and applications

**10. When, where, and how much are the workshops?**

- **Time:** Saturdays, 12:45 pm – 4:45 pm
- **Location:** Prince Alfred College, Kent Town
- **Price:** \$120 per class
- **Payment:** 4-week minimum commitment to begin, then 8-week commitment thereafter

**11. How do I book a workshop?**

Booking is simple:

- Contact us via **email** at [contact@inmedacademy.com.au](mailto:contact@inmedacademy.com.au) or **phone** 0403 049 889
- Receive a **Welcome Pack** and **Emergency Contact Form**
- Join us for your **first session**

**12. What if I'm not sure it's right for me?**

Many students start with the 4-week block before committing further. Once they see results, they're confident continuing with the program.

**13. BONUS!!!**

16-week signup (\$1,920): receive a complimentary 'Prepare Tutorial' with Dr. Phi Nguyen, valued at \$695!

This isn't just any tutorial – it's an in-depth session with Dr. Phi that covers everything you need to know for Medicine or Dentistry entry. He helps students and parents build the right mindset and create a solid plan, which is often the key ingredient for success, especially for bright students who sometimes overlook the preparation aspect. Dr. Phi really believes this 'Prepare Tutorial' makes a huge difference, particularly for early starters in Year 10 or 11. Remember, UCAT scoring is based on ranking against their peers and any edge counts!
